Want to Be a Play Host?

Community Miss AshesX Feb 18, 2020

Are you a seasoned streamer who plays Xbox games and would like to represent Xbox Ambassadors on Mixer? If so, here’s an opportunity for you to apply to become a play host and live-stream on the official Xbox Ambassadors Mixer channel! For the next two weeks, we are opening up the application process for those interested in becoming a play host. When the deadline hits on March 3rd, we’ll begin to review the applications, watch your content, and if you’re chosen, you’ll join our other play hosts in streaming from our channel!

There are some things to consider before applying.

You must:

- Be an active Xbox Ambassador and stream on Mixer.
- Have a stable internet connection that can support streaming without loss in video quality or network connection
- Use an officially supported streaming app on the Xbox One console or a capture card/ PC setup to host the stream
- Use a mic while streaming to better engage with the audience
- Create positive and engaging content that follows the Xbox Community Standards
- Commit to streaming at least once per week on the Xbox Ambassadors channel

- Be willing to commit to a stream time that works around current show times (listed on our Mixer channel) with a 1-hour buffer between shows
- If chosen, follow XA Play Host specific guidelines

We'll be reviewing applications and content in March and reach out to let you know if you were chosen or not in April. New shows will be introduced in May!

To apply, fill out the application here. We're excited for more community content and can't wait to see what you've got!
